## Professional Summary

Experienced **Flutter**, **React Native**, and **Odoo** developer with extensive expertise in building robust, scalable enterprise solutions. Specialized in mobile app development, ERP systems, and accounting software. Passionate about innovative solutions, exceptional user experiences, and technical excellence with a proven track record in custom solution design, project management, and team coordination.

### Core Strengths:

-  Creative problem-solving and user experience optimization
-  Unwavering commitment to deadlines under any circumstances
-  Strategic work organization using modern tools (Obsidian, Trello)
-  Building scalable and maintainable systems

## Technical Skills

### Mobile Development

- **Flutter** - Cross-platform mobile app development (Android, iOS)
- **React Native** - Native mobile applications with Redux
- **Firebase** - Backend services, authentication, cloud messaging

### ERP & Backend Development

- **Odoo** - Custom module development, automation, reporting
- **Python** - Backend development, API integration
- **PHP** - Server-side development
- **Node.js** - RESTful API design and implementation

### Frontend Technologies

- **Next.js** - React-based web applications
- **TypeScript** - Type-safe JavaScript development
- **HTML/CSS/JavaScript** - Modern web development
- **Tailwind CSS** - Utility-first CSS framework

### Database Systems

- **PostgreSQL** - Relational database management
- **MySQL** - Database design and optimization

## Education

### Bachelor of Information Technology (Honours)

🏫 Al-Madinah International University (MEDIU)

🌐 [Official University Website \(https://www.medi.u.edu.my/ar/\)](https://www.medi.u.edu.my/ar/)

*Focused on Software Development and Systems Engineering*

📄 [Download Verification Letter \(/when\\_start.pdf\)](#)

## Published Applications

Google Play Store

1.  **Swap App - Barter Application**
    - Multi-user barter platform with real-time matching
    - [View on Google Play \(https://play.google.com/store/apps/details?id=com.molhimah.swap\)](https://play.google.com/store/apps/details?id=com.molhimah.swap)
  2.  **Auction Live**
    - Live auction platform with bidding system
    - [View on Google Play \(https://play.google.com/store/apps/details?id=com.mulhmah\\_auctionlive\)](https://play.google.com/store/apps/details?id=com.mulhmah_auctionlive)
  3.  **Charity App**
    - Charity and donation management application
    - [View on Google Play \(https://play.google.com/store/apps/details?id=com.charity\\_show\)](https://play.google.com/store/apps/details?id=com.charity_show)
- 

## Open Source Projects

### Mobile Apps (GitHub)

-  [Coffee App \(https://github.com/oooomar896/coffee\\_app\)](https://github.com/oooomar896/coffee_app) - UI/Animation showcase
  -  [Electrical Store App \(https://github.com/oooomar896/electrical\\_store\\_app\)](https://github.com/oooomar896/electrical_store_app) - E-commerce prototype
  -  [Calculator App \(https://github.com/oooomar896/Calculter\)](https://github.com/oooomar896/Calculter) - Mathematical tools
  -  [Players App \(https://github.com/oooomar896/players\)](https://github.com/oooomar896/players) - Sports team management
  -  [Notes App \(https://github.com/oooomar896/note2\)](https://github.com/oooomar896/note2) - Personal productivity
- 

## Web Applications & Dashboards

### Production Websites

-  [Real Estate Consultations \(https://real-estateconsultations.netlify.app\)](https://real-estateconsultations.netlify.app) - Real estate advisory platform
-  [Mzadly.com \(https://mzadly.netlify.app/\)](https://mzadly.netlify.app/) - Online auction marketplace
-  [Molhimah.sa \(https://molhimah.sa\)](https://molhimah.sa) - Professional real estate platform
-  [Auction API \(https://github.com/oooomar896/Api\\_auction\)](https://github.com/oooomar896/Api_auction) - RESTful API for auction systems

### Admin Dashboards

-  [Swap App Dashboard \(https://github.com/oooomar896/-dashboard-swap\)](https://github.com/oooomar896/-dashboard-swap) - Barter platform administration
  -  [Auction Live Dashboard \(https://github.com/oooomar896/-dashboard-auction-live\)](https://github.com/oooomar896/-dashboard-auction-live) - Auction management panel
- 

## Custom Odoo Modules

Comprehensive ERP solutions built with Python/Odoo framework

1.  **Real Estate Management System**
  - Property management, contracts, tenant management
  - [View Module \(https://github.com/oooomar896/module-Real-state\)](https://github.com/oooomar896/module-Real-state)
2.  **Room Booking System**
  - Calendar scheduling for meetings and reservations
  - [View Module \(https://github.com/oooomar896/module-room-booking\)](https://github.com/oooomar896/module-room-booking)
3.  **Human Resources Management**
  - Employee management, attendance, leave tracking
  - [View Module \(https://github.com/oooomar896/mangemen\\_HR\)](https://github.com/oooomar896/mangemen_HR)
4.  **Auction Integration Module**
  - Odoo integration with auction website
  - [View Module \(https://github.com/oooomar896/Website\\_Auction\\_odoo\)](https://github.com/oooomar896/Website_Auction_odoo)
5.  **RESTAPI Module**
  - Get/Post data integration with external systems
  - [View Module \(https://github.com/oooomar896/api\\_get- or\\_post\\_data\)](https://github.com/oooomar896/api_get- or_post_data)
6.  **Data Extraction Modules**

- SSH-based server data retrieval
- [View Module \(https://github.com/ooooomar896/Module-get-data-from-Db-to-view-code-html\)](https://github.com/ooooomar896/Module-get-data-from-Db-to-view-code-html)
- Localhost Odoo database queries
- [View Module \(https://github.com/ooooomar896/Module-get-data-from-db-odoo\)](https://github.com/ooooomar896/Module-get-data-from-db-odoo)

---

## Project Statistics

-  **Published Apps:** 3+ on Google Play Store
-  **Ratings:** 4.8/5 average user rating
-  **Downloads:** 15,000+ total app downloads
-  **Enterprise Solutions:** 8+ Odoo modules
-  **Web Applications:** 5+ production websites
-  **Open Source:** 10+ GitHub repositories

---

## Achievements & Expertise

- **Mobile Development:** Built scalable cross-platform applications serving thousands of users
- **ERP Solutions:** Custom Odoo modules deployed in production environments
- **Web Applications:** Delivered responsive, high-performance web platforms
- **API Integration:** RESTful API design and third-party service integration
- **Database Design:** Efficient database architecture for enterprise applications

---

## Contact & Availability

Open to freelance opportunities, full-time positions, and collaborative projects in software development.
